PNIB-400-08	Ø120	3000	1765	7590	315	8500	105
PNIB-400-09	Ø130	2800	2560	12950	355	9000	125

Features:

- ★ Ductile iron body
- ★ AISI 4140 quality, G2.5 class balanced shaft according to ISO 1940-1
- ★ Integrated temperature and vibration measurement interfaces are available

Advantages:

- ★ High quality bearings for precise operation
- ★ Structure to protect the tested unit and dynamometer
- ★ Competitive price
