

# Seismic Reinforced Concrete Filled Test Table

PCS

## Measurements:

Product Code	A	A'	B	C	D	H
PBP-RC01	1000	2400	1200	335	680	400
PBP-RC02	1500	3000	1500	504	170	622
PBP-RC03	2000	4000	1750	525	200	590
PBP-RC04	4300	7085	2285	554	238	622

T-Slot channel slots (D) can optionally be positioned at different distances.

## Features:

- ★ Economic solution for 1000 HP and above IC motors
- ★ C50/C60 quality concrete filling and steel reinforced
- ★ High mass, low natural frequency
- ★ Dynamometer connection interface
- ★ Shaft housing connection interface
- ★ DIN 508 H12 t-slotted construction for motor fixture connection
- ★ Suitable for mounting mechanical spring vibration damping element
- ★ Precision machined surfaces
